HOROSCOPES.

Or the Glass in which all may see themselves reflected.

We extract the following list of "Horoscopes" in each month in the year, from an old paper; it is, to say the least, a very amusing production:

January: He who is born in this month will be laborious, and a lover of good wine, but very subject to infidelity; he will be very complacent withal, and a very fine singer. The lady born in this month, will be a pretty, prudent housewife, rather melancholy, yet good tempered.

February: The man born in this month will love money much, but the ladies more; he will be stingy at home, but a prodigal abroad. The lady will be a humane and affectionate wife, and a tender mother.

March: The man born in this month will be rather handsome; he will be honest and prudent, and will die poor. The lady will be a jealous, passionate chatterbox.

April: The man who has the misfortune to be born in this month will be subjected to maladies; he will travel to his advantage, and will love ladies to his disadvantage, for he will marry a rich and handsome heiress, who will make—what no doubt you all understand. The lady of this month will be tall and stout, with agreeable wit, and great talk.

May: The man born in this month will be handsome and amiable; he will make his wife happy. The lady will be equally blessed in every respect.

June: The man born now will be of small stature, passionately fond of women and children, but will not be loved in return. The lady will be a giddy personage, fond of coffee; she will marry at the age of twenty-one, and will be a fool at forty-five.

July: The man will be fat, he will suffer death for the wicked woman he loves. The female of this month will be passably handsome, with a sharp nose, but fine bust. She will be of rather sulky temper.

August: The man will be ambitious and courageous; he will have two wives. The lady will be amiable and twice married, but her second husband will cause her to regret her first.

September: He who is born in this month will be strong, wise, and prudent, but too easy with his wife, who will give him great uneasiness. The lady round faced and fair haired, witty, discreet, amiable, and loved by her friends.

October: The man of this month will have a handsome face and florid complexion; he will be wicked in youth and always inconsistent. He will promise one thing and do another, and remain poor. The lady will be pretty; a little too fond of talking. She will have two husbands who will die of grief; she will best know why.

November: The man born in this month will have a fine face, and be a gay deceiver. The lady of this month will be large, liberal, and full of novelty.

December: The man born in this month will be a good sort of person, though passionate. He will devote himself to the army, and be betrayed by his wife. The lady will be amiable and handsome, with a good voice, and a well proportioned body; she will be twice married, remain poor, but continue honest.

Taking a bribe on both sides.—A debtor in Connecticut, wishing to escape from the sheriff, ran into a neighbor's house, and, all of a sudden, exclaimed,

"For heaven's sake, friend, do hide me somewhere."

"Hide you!" said his neighbor, taking down a raw-hide from a nail, "whereabouts shall I lay it on?"

"None of your joking! The sheriff's close at my heels, and unless you conceal me somewhere, I must go to jail in spite of fate."

"But consider, man, I've no right to prevent the execution of the law. It goes against my conscience."

"Your conscience! Well no matter for your conscience. I'll give you five dollars if you'll tell me where to hide."

"Indeed! Well, that alters the case. Give me five dollars, and I'm your man. There—that'll do. Now step into the back room, and you'll be secure as a thief in a mill."

The terrified debtor had scarcely got into the back room, and shut the door, when in came the sheriff, and asked the master of the house if he had seen Mr. such-a-one, against whom he had an execution.

"May be yes, and may be no," said the other.

"May be yes, and may be no!" echoed the sheriff. "Surely, man, you know whether you've seen him or not."

"May be I do—but it goes against my conscience to tell."

"Your conscience! Well, to set that matter at rest, here's five dollars."

"Ah, that alters the case again. Your debtor, sir, is in the back room."

The sheriff nabbed his man, who, as he was led out, exclaimed against his neighbor, and asked him what could induce him to betray him.

"Five dollars," said the traitor, with a mischievous smile.

"You take bribes on both sides, then, you scoundrel!"

"That's just it, man. The five dollars you gave me wounded my conscience so, that I never should have had a moment's peace, if I had not taken the same sum on the other side to heal it."—*Transcript.*

DYSPEPSIA

LIVER COMPLAINTS.

THE PATENT VEGETABLE MEDICINE STOMACHIC ET HEPATICE, formed by chymical analysis and synthesis of several proximate vegetable principles, are universally acknowledged to have totally eclipsed the pretensions of every other remedy; and superceded the necessity of every other mode of treatment wherever the above diseases are found to exist, as well as in enlargement of the Spleen and in Jaundice.

Among the symptoms of Dyspepsia and Liver complaints, are flatulency, sourness or burning in the stomach, melancholy, irritability, disagreeable taste in the mouth; great irregularity of appetite, which is sometimes voracious, and at other times greatly deficient: thirst, fetid breath, nausea, weakness of the stomach, acid eructations, palpitation, drowsiness, irregularity of the bowels, pressure on the stomach after meals, pain in the head, dizziness or vertigo, confusion of mind, attended with loss of memory, a gnawing in the stomach when empty, chilliness, affection of sight and hearing, pain and weakness in the back, languor, disturbed sleep, cold feet and hands, tremor, uneasiness in the throat, cough, pain in the side or breast, &c.

DR PETERS'

Vegetable Anti-Bilious Pills,

Are the cheapest and most approved Family Medicine ever offered to the Public. They are extremely mild in their operation, neither causing sickness of the stomach, nor any unpleasant sensation in the system, as is too frequently the result from medicines given to act upon the bowels. They act specifically upon the Liver, when in a torpid condition, carrying off a large quantity of bile, through the influence of the excrement function, which, if suffered to remain in the system, would produce either Jaundice, Liver Complaint, Bilious Fever, Fever and Ague, or some other grievous bodily affliction. In all cases of torpor of the bowels, they act like a charm. In recent cases of Dyspepsia, they are a certain cure. Many persons who were subject to violent attacks of sick head-ache, have been much benefited, and several perfectly cured in a few weeks by their use. They are highly recommended as a preventative and cure of Bilious complaints. Persons who are subject to that distressing complaint, sea-sickness, by taking a portion or two of them a few days previous to embarking on board the vessel, will be almost certain to escape it. Females can use them at all periods, without incurring any risk. Their virtues will remain unimpaired for years in any climate. No family should be without these Pills; a portion of them, taken occasionally, would be the means of preventing much suffering from sickness. It is from neglect of keeping up a regular peristaltic action of the stomach and bowels, thus suffering to be absorbed and mingled with the blood, unassimilated fluids, that most diseases are produced. Dr. P. feels confident that no person who gives these Pills a fair trial, will ever after feel willing to be without them. The testimony of thousands speaking in the highest terms of their efficacy, might be added, but the very high reputation Dr. P. has acquired as the inventor of the "Patent Vegetable Medicine Stomachica et Hepatica," for the cure of Dyspepsia and Liver complaints, is thought a sufficient guarantee to those wishing to make a trial of their virtues. They contain not a particle of Mercury, or any ingredient that does not act in harmony with health and oppose disease.

Dr. P. having been educated under the most eminent American and European Medical professors, and practiced his profession many years in the South, where diseases of the most obstinate character prevail, considers himself well qualified to judge on the nature of diseases incident to warm climates.

Prepared by JOSEPH PRIESTLY PETERS, M. D. P. B. C. P. M. at his Institution for the cure of obstinate Diseases, by means of vegetable remedies, No. 129 Liberty-street, New York, inventor and sole proprietor. Each box contains forty Pills, Price 50 CENTS.

These invaluable Medicines are sold in Charlotte by Smith & Williams; in Concord by P. B. Barringer, and in Salisbury by John Murphey, where numerous certificates of their efficacy can be seen.
